

Diana Flores-Peregrina

Durham, NC, United States · diana.floresperegrina@gmail.com · www.dianafloresperegrina.com · [LinkedIn](#)

SUMMARY

Applied economist and researcher focused on health, development, and public policy, with PhD-level training in economics and experience in causal inference, program evaluation, and large-scale data analysis. Positioned for economist, policy, and quantitative research roles that require evidence-based analysis of policy design and institutional outcomes.

SKILLS

Econometrics & Causal Inference: Quantitative Analysis; Experimental and Quasi-experimental Methods; Matching; Difference-in-Differences; Panel Data; Robustness and Sensitivity Analysis

Data Analysis & Programming: Data Visualization; Large-scale Administrative and Survey Data Analysis (+100k); Stata; Python; R; SQL

Policy Evaluation & Research: Program Evaluation; Policy Analysis; Cost-effectiveness Analysis; Evidence Synthesis; Systematic Literature Reviews (SLR); Technical Writing; Monitoring and Evaluation (M&E)

Tools : LaTeX; ArcGIS; Excel (advanced)

Languages: English (fluent), Spanish (native), French (intermediate)

PROFESSIONAL EXPERIENCE

Postdoctoral Associate

09/2024 – 03/2026

Duke University, Center for Child & Family Policy (CCFP)

Durham, NC

- Led impact evaluation of a large-scale randomized controlled trial, overseeing study design, implementation, and analysis to assess program effects.
- Translated evaluation findings into policy insights and coordinated stakeholder engagement across academic and policy institutions to support decision-making.

Consultant

01/2025 – 07/2025

National Academies, Division of Behavioral and Social Sciences and Education

Durham, NC

- Conducted policy analysis to inform federal child poverty policy and program design, connecting evidence to program design questions.

Graduate Student Researcher

01/2020 – 05/2021

UCLA, Department of Economics

Los Angeles, CA

- Conducted causal analysis of large-scale administrative and survey data to estimate program impacts and support applied research conclusions.

Research Associate

06/2016 – 08/2018

Universidad Iberoamericana, EQUIDE

Mexico City, Mexico

- Led impact evaluations of social and health programs using quasi-experimental methods and large datasets to assess program effectiveness.
- Produced cost-effectiveness analyses and evidence synthesis to inform policy design and implementation decisions.

Short-Term Consultant

10/2016 – 03/2017

World Bank, Poverty & Equity Global Practice

Mexico City, Mexico

- Analyzed poverty and welfare data to inform policy design and resource allocation decisions for public policy use.

Short-Term Consultant

07/2016 – 09/2016

National Laboratory for Public Policies (LNPP)

Mexico City, Mexico

- Developed literature reviews and analytical frameworks on social mobility and social protection to support policy research.

Research Assistant

08/2012 – 05/2016

CIDE, Department of Economics

Aguascalientes & Mexico City, Mexico

- Analyzed administrative data to evaluate program effectiveness and socioeconomic outcomes in applied research settings.

EDUCATION

Ph.D. in Economics <i>University of California, Los Angeles (UCLA)</i>	10/2018 – 06/2024 Los Angeles, CA
M.A. in Economics <i>Center for Research and Teaching in Economics (CIDE)</i> <i>Honors: Magna Cum Laude</i>	08/2014 – 07/2016 Mexico City, Mexico
B.A. in Economics <i>Universidad Autónoma de Aguascalientes (UAA)</i> <i>Honors: Summa Cum Laude</i>	08/2008 – 01/2013 Aguascalientes, Mexico

TEACHING EXPERIENCE

Taught undergraduate and graduate courses, emphasizing applied and policy-relevant instruction.

Instructor, Microeconomics Theory I (Econ 11), UCLA. Summer 2022

Teaching Assistant:

- | | |
|---|-----------------------------|
| • Microeconomics Theory I (Econ 11), UCLA. | Fall 2020 – 2024 |
| • Microeconomics for Public Affairs (PA 40), UCLA. | Winter & Spring 2022 – 2023 |
| • Microeconomics Theory II (graduate), CIDE, Mexico. | Spring 2018 |
| • Applied Econometrics (graduate), CIDE, Mexico. | Fall 2017 |
| • Bio-statistics (graduate), Ibero-American University, Mexico. | Fall 2016 – 2017 |
| • Intermediate Microeconomics, CIDE, Mexico. | Fall & Spring 2013 |

FELLOWSHIPS, HONORS, AND AWARDS

EHDR Best Biennial Article Prize (for 2024–25)	2026
Poster Winner, Population Association of America Annual Meeting	2025
Doctoral Summer Fellowship, WORLD Policy Analysis Center, UCLA	2020
UC MEXUS-CONACYT Doctoral Fellowship for Mexican Students	2018–2023
Best Empirical Master’s Thesis, Economics Department, CIDE	2016
Scholarship for High-Quality Graduate Programs, CONACYT	2014–2016

PRESENTATIONS

Population Association of America, PAA Annual Meeting (<i>Poster Winner</i>)	2025
All-UC Demography Conference; Instituto Tecnológico de Monterrey	2024
SOBREMÉXICO Congreso de Economía	2018
